Hmm... I have to pick some cards

Full House: 0%
Straight: 0%
Pair: 0%
Flush: 0%
Two Pair: 0%

I suck at counting :c, I wonder
if I can win with this
10Q and QQ. Lets use
this handy-dandy tool Sara
made for her TP project

Full house: 0%
Flush: 100%
Straight: 0%
Pair: 0%

I know a flush is
great and apparently
nave not! I should go
all in XD
